

DISCOUNT PHARMACY PROGRAM FOR PATIENTS OF CALLEN-LORDE

Callen-Lorde Community Health Center is excited to announce its partnership with a local pharmacy, PharmaCare Specialty Pharmacy (formerly CVS ProCare). The goal of this partnership is to ensure quality, sensitive pharmacy services to our patients.

The pharmacy program offers **significant discounts** for patients who do not have prescription benefits coverage, and there are no income requirements.

If you receive a prescription from your Callen-Lorde provider and wish to participate in this program, all you have to do is bring the prescription to PharmaCare at 126 Eighth Avenue, between 16th and 17th Streets. Or, Callen-Lorde can call or fax your prescription right to PharmaCare.

IF YOU PAY FOR YOUR PRESCRIPTIONS

- You will get **significant discounts** on prescriptions! (See examples at the end of this document.) You do not have to have a particular level of income to qualify – all Callen-Lorde patients are eligible.
- The amount of discount varies by medication and is determined by a government formula.
- If you choose a delivery option, you must pay for your prescription with PharmaCare on 8th Ave in person or by phone.

IF YOUR INSURANCE PAYS FOR YOUR PRESCRIPTIONS

- You can pick-up your medication OR have the medication delivered to you at no extra charge.
- If your insurance does not cover a particular prescription, you will be eligible for the discount.
- If you choose delivery, you must pay your prescription co-pay with PharmaCare on 8th Ave in person or by phone.

In addition to **significant discounts** on medications for people who pay for prescriptions out-of-pocket, PharmaCare offers great service, including:

- 24-hour pharmacist availability for emergency medication counseling
- Refill reminder calls
- No charge delivery to home or work
- Pick-up of confidentially packaged medications at any CVS pharmacy
- Quality, sensitive care to meet your health needs
- 10% discount on all over the counter medicines and vitamins

IF YOU ALREADY HAVE MY PRESCRIPTION AT ANOTHER PHARMACY

Pharmacies will call in your prescription to another pharmacy upon your request. If you want to switch your prescription, call PharmaCare with the name and number of your current pharmacy. You may then need to get a new prescription from Callen-Lorde for refills.

WHEN YOU NEED A PRESCRIPTION REFILL

- Just call PharmaCare before you are going to run out of medications.
- You can pick up your medications at the 8th Avenue store or have them delivered to your home or work or to any CVS pharmacy.
- If you have your medications delivered, you must make payment arrangements when you call the 8th Avenue for your refill.
